Report on the evaluation of pre-departure training 7

The staff and/or teachers/trainers from each partner organisation met with the adult learners who were about to take part in the next mobility activity in order to help prepare them for the experience. After receiving the pre-departure training, as a group, they evaluated the activity and their answers have been compiled below. Afterwards, the representatives from all partner organisations participated in a Skype conference to analyse the results of the evaluation and agree on what changes needed to be made (if needed). (see “Conclusions by project partners”).

Their conclusions are presented in the section: “Conclusions by project partners” at the end of this document.

1. Information about the Lifelong Learning Programme – Grundtvig Learning Partnerships.
